

Spiritual Care & Chaplaincy

Compassionate support for people of every faith, and of none.

Our chaplains are professionally trained members of the care team. They are here for patients, families, and loved ones — offering a calm presence, a listening ear, prayer or ritual if you wish, and support in making meaning during a hard time.

Support for everyone

- People of every faith tradition, and those with none
- Catholic sacramental care, including the sacrament of the sick, on request
- Connection to clergy or faith leaders in your own community
- Prayer, blessing, or ritual at the bedside, and support for your family's traditions

Reach spiritual care

Ask any member of your care team to request a chaplain, or call Spiritual Care at **313-916-2860**. A chapel and quiet space are available for reflection and prayer.

Spiritual care is always offered with respect for your beliefs and your privacy. You are welcome to accept it, decline it, or ask for it again later — whatever brings you comfort.
